

Updating My MEFA Pathway Profile

This lesson is designed to help students create and update their MEFA Pathway account.

OBJECTIVES

Students will...

1. Learn about the features on a resume
2. Update their *Profile Details* within MEFA Pathway
3. Make connections between their *Profile Details* and their plans for the future

ACTIVITIES

PART 1

Content Knowledge

Explain to students that their MEFA Pathway *Profile Details* will act as the basis for their resume when they begin high school, so it is important to keep their profile up to date. Review with students each section of their *Profile Details*:

- **Personal Info:** Personal information including address, email address, phone number, and date of birth
- **School:** Students' current school will be automatically filled in. If students previously attended any other schools, they can list those here.
- **Academics:** The place where students can list their high school GPA, AP courses, SAT scores, and ACT scores
- **Activities:** A list of the activities students are involved in both in and outside of school, including the amount of time they participate in the activity per week, how many weeks per year they participate in it, the position they hold in that activity, and the location of the activity. Students should list the activities in the order of most recent.
- **Honors & Awards:** A list of honors and awards students have received. The honor or award name should be listed as well as the grade the student earned it in. The honors and awards should be listed in the order of the most recent.
- **Skills & Strengths:** A list of the skills and technology skills students have developed over the years
- **Employment:** A list of the jobs students have had starting with the most recent; includes each job's position, responsibilities, location, and employment dates
- **Certification:** Official documentation verifying that students have specified skills or training. Common examples include CPR & First Aid certifications.

LESSON PLAN

PART 2

Applying Information

Instruct students to log in to MEFA Pathway and navigate to the *Create Your Profile* Tab. Once there, students should click on *Profile Details*. Instruct students to review each tab and add or update their information.

Students who are first time users should navigate to MEFA Pathway and select *I am a Student*. Students should then select *Register Here* to create their account. Students will need to create a username, password, and two security questions. It is a good idea to have students write down their login information in a safe location.

PART 3

Evaluating Information

Instruct students to create a new journal entry by clicking the pen icon in the lower right corner answering the following questions:

Why is it important to update your *Profile Details* in MEFA Pathway? How will keeping your profile up to date help you as you continue to learn about yourself and develop your plans for the future?
