

Discovering the Importance of Career Fairs

This lesson is designed to help students understand the benefits of attending career fairs and how they can be utilized to help guide postsecondary planning.

OBJECTIVES

Students will...

1. Learn about career fairs
2. Determine which career fairs they are interested in attending
3. Register for two onsite and/or virtual career fairs

ACTIVITIES

PART 1

Content Knowledge

Lesson Pre-requisite: Have students complete the *Saving Careers to My Career List* lesson prior to this lesson.

Lead a class discussion on career fairs. Ask students if they know what a career fair is and the advantages of attending one.

Explain that career fairs are events that give students and employers the opportunity to meet one another and ask questions. They are a great opportunity to connect with multiple employers at one time in a single location. Some career fairs are quite large with employers from a variety of industries, and others are smaller and more targeted to a particular field. Career fairs also provide an opportunity for job seekers to meet with employers that might have job openings.

PART 2

Applying Information

Have students log in to MEFA Pathway and navigate to *My Career List* under the *Discover Careers* tab. Students should identify the career category that most often appears.

Have students research upcoming onsite and virtual career fair opportunities that are focused on their career category and register for two that they will participate in.

PART 3

Evaluating Information

Once students have registered for their career fairs, students should prepare by:

1. Practicing their professional introduction
2. Researching the companies they are interested in talking to
3. Developing a plan for their time at the career fair
4. Choosing their top 5-10 companies to focus their efforts on meeting
5. Updating their *Profile* within MEFA Pathway to create an appropriate resume draft and printing ten copies of their resume to bring to the career fair

PART 4

Critical Thinking/Creative Application

Instruct students to create a PowerPoint presentation entitled “How to Work a Career Fair” with slides outlining what they will do before, during, and after the career fairs. Students should include details about their resume, introduction, researching companies, questions, and follow-up. Instruct students to be creative and descriptive.
